The following table, an appendix to the “Character Set Standardization for Early Cyrillic Writing after Unicode 5.1” White Paper, provides for each item in the Belgrade “Standard” (February 2008 version) early Cyrillic inventory 1) the reference number in the Belgrade publication, 2) an illustrative glyph (in Sebastian Kempgen’s RomanCyrillic Std font), 3) the Unicode 5.1 code point, 4)

## Early Cyrillic characters in Unicode

the Unicode name, and 5) supplementary notes, where needed. The Belgrade Standard is available at <http://www.sanu.ac.yu/Cirilica/Prilozi/Standard.pdf> and official Unicode code charts are available at <http://www.unicode.org>.

### *Alphabetic characters*

<i>Belgrade</i>	<i>Glyph</i>	<i>Unicode Code Point</i>	<i>Unicode Name</i>	<i>Note</i>
